

Safe+Sound Iowa

Make a Report. You Have a Voice.

Help protect students and prevent:

- School violence
- Unlawful possession of weapons
- Self-harm, and
- Other forms of victimization and threatening behavior.

Creating a safe learning environment starts with awareness and early reporting of concerning behaviors. That's why the Iowa Governor's School Safety Bureau developed Safe+Sound Iowa—a free anonymous reporting program for students, teachers, parents and community members to help identify and provide intervention for students in crisis or at risk for violence before they harm themselves or others.

Anonymous Reporting. Any Hour. Any Day.

Monitored 24/7, trained experts are always ready to respond to reports securely and anonymously:

Online at
SafeandSoundIowa.gov

Through the
Safe+Sound Iowa app

By phone at
800-224-6018

After submitting a report, watch for any follow-up questions. The more information shared, the more effective the response.

Reports are immediately vetted and sent to appropriate school administrators, law enforcement and/or other community partners so outreach can be provided to the student in crisis.

Supporting Students. Protecting Schools.

Students know about mental health or safety concerns among their peers before adults do. In fact, in past school attacks in the United States, 92% of those who noticed concerning behaviors in advance were schoolmates.*

Feelings of anxiety or intimidation, fear of retaliation or not knowing who to talk to may result in students not sharing their safety concerns. Safe+Sound Iowa removes these barriers with easy and convenient ways to make a report securely and anonymously.

Download the free
Safe+Sound Iowa mobile app.
